

The reliable and convenient way
from which to monitor results
of microbe testing

Cultura Specification:

Temperature Range	25-45C
Temperature Accuracy	+/-1C
Voltage	230Volt (110V)
Frequency	50Hz
Consumption	26w / 0.2A
Safety Class	11
Insulation Double	SEV-tested
Construction	ABS White
Door	Styrolux transparent
Thermometer	Up to 60C
Base	ABS White
Weight	1.1 Kg
External Dimension	310 x155 x168
Internal Dimensions	220 x120 x150

Guarantee 2 years from purchase date

Electrical Certification:

The Cultura is certified by TUV (Technischer Überwachungs Verein) Germany and issued according to the following European standards;

IEC 335 1/2nd issue 1983
DIN VDE 0700 Part1 / 11.90
EN 60 335-1 / 1988
Issue date 14th October 1992
Certificate No. MT23020
